This client is the sole breadwinner in the family, with children ages 9, 8, 5, and 2. Homeownership Specialist Royle was able to help this client develop a long range plan, and she and the client talked every month about goals and progress. Although this client was initially planning to live closer to work, she was able to do some research on New Prague and the school district there, and was able to find an affordable new construction home big enough for her family. She was able to use the Rural Development loan product, which provided a great interest rate and affordable payment, assisted by the down payment grant obtained from the Scott County CDA through the Homebuyer’s Club. This new homeowner was grateful to the CDA. Homeownership Specialist Royle thanked the Board for their support.
